<sup>1</sup> Includes exported clinker minus imported clinker.

<sup>2</sup> Production values for bentonite and diatomite have been included in clay products.

<sup>3</sup> Shipments of gypsum, silica and stone to Canadian cement, lime and clay plants are not included in this table.

<sup>4</sup> Shipments of potash to Canadian potassium sulphate plants are not included in this table.

<sup>5</sup> Mineral production of sand and gravel for Nunavut is included in Northwest Territories.

<sup>6</sup> Coal data has been included with the non-metals. Data concerning coal originate from surveys conducted by Statistics Canada and inquiries on this topic should be addressed to the dissemination office at tel: 613-951-9497.

Note: The sum may not add up to the total due to rounding. This table excludes petroleum and natural gas. Data include shipments by producers regardless of industrial classification. For definitions regarding data contained in this table, refer to:

[Techniques Used to Calculate Data on the Mineral Production in Canada](#),
